all the States/UTs have also been addressed recently for following up on implementation of various provisions of the PNDT Act.

Workshops/Seminars are being organised at State/district level, to create awareness about the provisions of the Act. Voluntary Organisations are also being involved to carry out projects regarding creating awareness about the provisions of the Act. Grant-in-aid has also been released to NGOs to conduct seminars and workshops and other Information, Education and Communication (IEC) activities in certain States.

National Level Non-Governmental Organisations have been requested to take up projects for generating awareness about the provisions of the Act, among doctors/clinics/law enforcing authorities and public at large. The co-operation of the NGOs has also been requested in listing and enumerating within their jurisdiction, the name and address of premises where the Medical Termination of Pregnancy (MTP) is being performed, with a view to detect registered/unregistered clinics.

Recently, Supreme Court has issued certain directions to both the Central and State Governments for effective implementation of the provisions of the PNDT Act. The directions include among other things wide publicity both at national and state levels for generating awareness about the Act.
